1 Pursuant to a prior stipulated order filed August 3, 2011, the defendants in the above-captioned  
2 matter were given the opportunity to conduct independent qualitative analysis and identification of  
3 the controlled substances allegedly involved in the case. Defense counsel have now received the  
4 report resulting from that analysis but would benefit from additional time to consult with their clients  
5 regarding those results prior to the next status conference in the case, which is currently scheduled  
6 for Wednesday, August 24, 2011, at 2:30 p.m. Accordingly, the parties stipulate and jointly request  
7 that the status conference be continued to Wednesday, September 14, 2011, at 2:30 p.m. Time is  
8 appropriately excludable under the Speedy Trial Act for adequate preparation of counsel. *See* 18  
9 U.S.C. § 3161(h)(7)(B)(iv).
